

United States Of America
Department of Transportation - Federal Aviation Administration
Supplemental Type Certificate

Number ST02142LA

This Certificate issued to **BaySys Technologies, LLC**
24233 Lankford Highway
Accomac, VA 23301

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.*

Original Product Type Certificate Number: A16WE

Make: Boeing

* SEE PAGE 3

Model: 737-700 Serial Number 30782

Description of Type Design Change: Interior Modifications in accordance with BaySys Technologies, LLC Master Data List 8119-MDL, Revision D, dated June 19, 2008, or later FAA approved revision.

Limitations and Conditions: Data pertaining to this modification is considered inadequate for duplication on other aircraft. This approval is limited to the installation made on Boeing 737-700 Series airplane Serial Number 30782. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

A copy of this STC must be included in the permanent records of the modified aircraft.

Supplemental Type Certificate ST09942SC is required for this installation.

(Limitations and Conditions continued on page 3.)

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: September 7, 2007

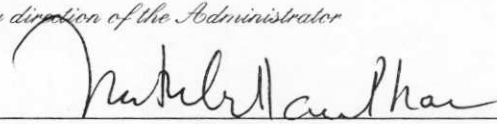

Date reissued:

Date of issuance: June 18, 2008

Date amended:

By direction of the Administrator
